Spring Launch & Service Specials 2018

Spring Launch ————— **\$Free w/Big Boat Winterize Package**

Although the Spring Launch is paid for with you winterize package, the boat must be "summerized" (previously run and ready for launch) previous to launch to insure a flawless launch. This can be done by the boat owner or we also offer that service Called "Spring Boat Commissioning & Summerization" (below). Trailer Boat Winterize Packages do not come with Free Spring Launch.

This "Spring Launch" is a basic launch with our hydraulic trailer at the city launch ramp. We will remove boat from stands and back into water and help with departure. Boat owner **must be present** and meet at marina before we load boat onto trailer and head to boat ramp. A reschedule fee of \$50 will be charged if a scheduled launch is cancelled. If boat owner is late and we are "standing by" to load boat there will be a late fee calculated at \$100 per half hour (2 men & equipment). We do not launch boats on Saturdays (after 10am) or on Sundays. Boat owners may want to choose the "Captains Launch" to meet their schedule. We will launch you boat previous to your arrival and stage it at our marina for an additional \$135. We do not launch boats in the rain and we reserve the right to reschedule your launch if we see difficulties with weather, etc..

Captain's Launch/Temp. Mooring ————— **\$135.00**

We pre launch your boat for you and tie it up at our marina to await your arrival. The boat must be summerized and ready for launch previous to service and we can perform that for you. This "Captain's Launch" is a more flexible option if weather is a concern, scheduling conflicts, off-hours pick up or a pick up on weekends after 10Am. Boat can be moored for up to 3 days at our marina, after that a \$50 a day mooring charge will be charged. All services must be paid in full before we launch your boat.

Spring Boat Commissioning & Summerization —————

\$300.00 Single Engine

\$350.00 Twin Engines

This service includes removal of shrink wrap and support structure, disposal of shrink wrap cover, power wash boat to remove winter dust and dirt, reinstall bimini top and canvas enclosure, battery charge, check fluids, start up engine(s), flush fresh water systems, and our spring commissioning checklist for safety and engine systems.

Additional Spring Service Specials

Oil Change w/Spring Commissioning \$40 per engine plus oil & filter (25W40 @ \$Market qt/Filters \$9.95)

Detailing

Professional Detailing & Buffing

Buffing Quote Per Inspection

Bottom Painting

- Bottom Repaint - \$25 a painted linear foot. (A 30 foot boat may only have 25 linear feet of painted bottom). This price includes a repaint over existing bottom paint. We will pre-sand your existing paint and will roll on two coats of appropriate bottom paint. We will tape off at existing lines and mask fittings, etc.. Price includes everything (tape, brushes, rollers, sand paper) except paint. Anti fouling paint varies greatly in price and we will discuss pricing with customer (ranges from \$80 to \$300 a gallon). No guarantees on this service as we had no control over previous application that we are painting over. Large beam boats may be extra or take on and off your trailer.
- Bare Bottom Barrier Coat and Paint - \$70 a painted linear foot plus paint. Includes pre-sand bottom to 80 grit finish, pre-paint prep (mask, tape, solvent wash), apply 5 coats of barrier coat, Apply 2 coats anti fouling bottom paint. Price does not include paint or a bottom acid wash if needed. Additional cost for large beam boats - call. A liability waiver must be signed for this service as we follow paint manufacturer's recommended methods to a "T" during this service, but there always lingers a possible pre existing condition, that can not be detected without excessive testing, that could result in future blistering even though we did a correct application. Price does not include paint stripping of previously painted boats - call.
- Bottom Paint Stripping - \$40 a painted linear foot. Strip existing bottom paint off. Strip to gel coat and leave an 80 grit finish ready for new paint. Price subject to pre inspection. Does not include gel coat repairs if needed. There may be additional costs for large beam boats or taking boat on and off your trailer - call.

Credit Card Payments Please Add 3%

Canvas Repair & Replacement

We have an on-site canvas shop and can handle most canvas needs for your boat - Please let us know if we can help!

Big Boat Launch Dates or Trailer Boat Pick Up

I wish to schedule a launch on these specific days and time or pick up my trailer boat

Choice #1 Day and Time _____, 2018 at time: _____ (No launches Sunday or after 10am Saturdays)

Choice #2 Day and Time _____, 2018 at time: _____ (No launches Sunday or after 10am Saturdays)

Choice #3 Day and Time _____, 2018 at time: _____ (No launches Sunday or after 10am Saturdays)

I understand that the marina will call me and verify the dates and any further details and do their best to meet the dates I (boat owner) understand if the weather is bad, scheduling conflicts, equipment breakage, or things beyond the control of Miller's Westerman's Marina may hinder the exact launch dates and I remain somewhat flexible. The winter storage ends on May 15th and summer storage charges start. Thus is, unless we have rescheduled your launch and moved your launch day beyond May 15th and/or we are performing services on your boat. Note: If a scheduled launch day is missed or not cancelled 48hrs prior to scheduled launch by you the customer a \$50 fee will be charged. Thus if it was an acceptable day to launch to be determined by Miller's Westerman's Marina.

I can't make it on specific time or I am coming after hours so I choose a "Captains Launch" (\$135) option and would like the boat to be in the water and docked ready for pick up previous to (date) _____, 2018. I understand that the marina will call me and verify the dates and any further details.

I am flexible on my launch date and will leave it up to Miller's Westerman's Marina to launch my boat in a timely manor this spring. Miller's Westerman's Marina will contact boat owners on dates and times available.
