Winter Storage Contract '11/'12

No need to come out during the winter months, we "Baby Sit" your boat for you!

Terms of Payment: Payment for winterizing and storage of your boat is required at time of drop off. Boat will not be serviced if payment is not made at time of drop off. A 1.8% per month interest will be charged on unpaid balances.

Drop Off/Haul Out: Please remove all camper tops/canvas enclosures/isinglass panels and install cockpit covers when dropping off. Please notify us at least one week prior to drop off so we can schedule accordingly for the haul out. Boats will

be hauled out at the Portage Marina and transported on our Con-O-Lift hydraulic boat trailer, one block, to our marina location for winterizing, blocking and storage..

Winterizing: Your boat will be professionally winterized as follows: gas will be stabilized, your engines and generator will be drained of water then ran and flushed with -100 nontoxic antifreeze and fogged down to prevent internal cylinder corrosion. All fluids will be checked for proper level and condition. All visible grease fittings will be greased. Your water system will be drained and "RV" antifreeze will be added and checked for proper strength. A/C units will be flushed as well. Shower sumps will also be winterized. Winterization will only be guaranteed for one winter season. **Shrink Wrap:** Your boat will be professionally shrink wrapped using a thick 7-mil shrink wrap. A shrink wrap support system consisting of 2x4s and shrink wrap strapping will be added to aid in keeping snow from accumulating. Vents will be added for air circulation. Shrink wrap is guaranteed for one winter season. Miller's Westerman's Marina checks shrink wrapped boats after heavy snow falls and storms for any snow accumulation and will aid in removing but will not gurantee shrink wrap to withstand very high winds or extremelly heavy snow falls. Miller's Westerman's Marina vents the shrink wrap to aid in air circulation but can not guarantee against mold and mildew. Customers should choose mold and mildew reducing products to help prevent mold and mildew.

Blocking & Stands: Your boat will be lowered via our hydraulic trailer onto two sets of blocks and NEW quality boat stands. If you don't have your own stands we can provide them for you at no additional charge. If you would like an extra set of keel blocks please check that option. **Access to Boat:** Access to your boat will be only during normal business hours. Water and electric will be provided when needed. **Security** Your boat will be stored in our fenced lot. A locked gate, security cameras, and "watchman" provide for security off hours. During the winter months the office is open 5 days a week.

Spring: Please schedule launch date at least 3 weeks prior to date. Miller's Westerman's Marina reserves the right to dictate your launch date if scheduling or weather conflicts with your preferred date(s). Boats will not be launched unless a scheduled launch date is made. If additional Spring services are needed please schedule them ASAP so not to delay getting boat launched at requested time in Spring. We will offer "Spring Specials" next season. **The Big Boat Winter Storage Specials include a spring launch.** The winterize storage specials do not include a "summerization" in the spring. The customer can do this themself or we can provide this service. This summerization starts at \$225 and includes, remove shrink wrap and support structure, disposal, spring wash, start up motors, our spring checklist, flush water systems, covers install. Some customers prefer prepping their boat themselves and that is fine. We will not launch a boat unless it has been pre run prior to loading onto our hydraulic trailer for launch. This is to prevent delays at launch. We will offer other "Spring Specials" that will include tune ups, drive services, etc.. for those that need it. Winter storage package storage ends May 1st and summer storage charges will begin. Non responsive customers to calls, emails, or letters will be charged \$20 a day storage fee..

Insurance: The winterize services are insured and guaranteed. The boat in for storage must be fully insured. Miller's Westerman's Marina is fenced and is secured at night and during other off hours. We do have a surveillance system in place. Miller's Westerman's Marina is not liable for any loss or damages to customer's boat while in storage. The boat owner/agent/signer hereby releases, indemnifies, protects, defends, will not sue, and will hold harmless Miller's Westerman's Marina and its owners, land owners, employees from and against any and all loss, damages, liabilities, claims, liens, costs and expenses, including, without limitation, reasonable attorneys' fees, in connection with damages, fire, theft, vandalism, acts of god, accidents, injuries or loss of property occurring to said boat, the boat owner, the boat owners associates, family or friends in or about the marina, or arising from the boat's occupancy or presence at marina. Legal

You the boat owner or assigned agent and signing for the boat owner agrees to/or for that the boat in question that is being stored is insured. You as a customer or agent signing for the boat and owner hereby releases, indemnifies, protects, defends, will not sue, and will hold harmless Miller's Westerman's Marina and its owners and employees from and against any and all loss, damages, liabilities, claims, liens, costs and expenses, including, without limitation, reasonable attorneys' fees in connection with injuries to any persons or damage to or theft or misappropriation or loss of property occurring in or about the marina, or arising from the boats occupancy or presence at the marina, or from any activity, work, or thing done, permitted or suffered by the boat owner, the boat owner's associates, family or friends. You as the customer gives Miller's Westerman's Marina the right to run, move, operate the boat and will hold harmless them of any damage or incidents while doing so. I have read fully and understand this agreement and signed page 2 of this agreement in understanding of the terms and conditions.
